<b>Listprice incl. 20% VAT [GBP]</b>	<b>£16.020,00</b>	<b>£16.060,00</b>	<b>£19.440,00</b>	<b>£21.020,00</b>

<sup>1)</sup> Bed extension for sitting area available as an option

<sup>2)</sup> 3rd bunk bed instead of bunk bed available as an option

<sup>3)</sup> Extendable slatted frame for single beds available as an option

<sup>4)</sup> Extendable slatted frame for single beds available as an option

<sup>5)</sup> Seating group with folding bed instead of bunk bed additional possible

<sup>6)</sup> Washroom and front windows (type Dometic C5) optionally possible

\* Please refer to the notes and explanations on the rear

- Not provided

## STANDARD EQUIPMENT

### CHASSIS

- ▶ AL-KO chassis with semi-trailing link axle
- ▶ 2 hydraulic shock absorbers
- ▶ 5-point wheel mounting
- ▶ Automatic reverse
- ▶ Servo-assisted hand brake
- ▶ Winding corner steadies for stable standing

### BODY

- ▶ Roof of GRP w/ reduced sensitivity of hail
- ▶ Aluminium hammer finish, on the side walls, front and rear in plain sheet metal
- ▶ One-key locking system
- ▶ Hinged double windows (one each with combination blind in the kitchen area)
- ▶ Cabin door: WEINSBERG; two-piece, without window
- ▶ Foil artwork WEINSBERG + material color
- ▶ Curtain windows in middle dark degree
- ▶ Gas bottle locker with outside flap, with metal ground (can be equipped with 2 x 23 kg bottles)
- ▶ Wall thickness: 33 mm
- ▶ Roof thickness: 33 mm
- ▶ Floor thickness: 40 mm
- ▶ 12 V awning lamp
- ▶ Third brake light

### LIVING / SLEEPING

- ▶ Furniture decor Cocobolo light and Sand Beige
- ▶ Durable PVC floor
- ▶ Canopy with lighting above kitchen
- ▶ Upholstery selection: CURRY YELLOW, ICEWATER, AZTEKA GREY
- ▶ EvoPore HRC mattress
- ▶ 2 decorative cushions and 2 sleeping cushions
- ▶ Curtain as room divider

### POWER SUPPLY

- ▶ Electric connector to the towing vehicle, 13-pole Jäger
- ▶ Interior lighting completely in 12 V
- ▶ 230 V outside socket outlet
- ▶ Fi breaker
- ▶ 240 VA transformer
- ▶ Various socket outlets inside

### GAS / WATER / HEATING / AIR CONDITIONING

- ▶ Gas heating: Truma heating S 3004 with Piezo ignition
- ▶ Gas regulator
- ▶ 15 l fresh water tank
- ▶ Water supply system with 12 V immersion pump
- ▶ Central waste water conduit, one outside drain under the floor

### KITCHEN

- ▶ 3-burner cooker and sink made of stainless steel, with glass cover
- ▶ 106 l Dometic refrigerator, 12V, gas, 230 V
- ▶ Fridge Thetford 142 liters, gas, 230 V, for 500 QDK (gas operation in driving mode is only allowed in combination with Truma Mono Control)

### BATHROOM

- ▶ Dometic ceramic cassette toilet
- ▶ Corner washbasin in wooden cabinet, with mirror
- ▶ Wooden cabinet with shelves
- ▶ Shower equipment available as an option

### Additional Serials in UK

- ▶ Alloy wheels
- ▶ Hinged window in the front
- ▶ Smart package
- ▶ Ambience light package
- ▶ Advanced package

## PACKAGES

151010	Smart package 12 kg		Listprice incl. 20% VAT [GBP]
150267	Stabiliser coupling		323,00
101712	Combination blinds for windows		135,00
450623	Fresh water tank permanent mount, 45 ltr, instead of 15 l can		212,00
551054	12 V air circulation system		247,00
150065	AL-KO heavy load supports		120,00
452718	Water filter system "BWT - Best-Camp mini"		315,00
<b>Saving</b>			<b>1.352,00</b>

STANDARD  
in United  
Kingdom

151015	Advanced package 16,3 kg		Listprice incl. 20% VAT [GBP]
100750	Midi-Heki 70 x 50 cm		369,00
450083	Hot water supply Truma with connection for kitchen/toiletroom		277,00
100938	Flyscreen blind, full length of the door		126,00
450520	Shower extension for standard bathroom		209,00
450092	Waste water tank 25 litre, mobile		120,00
<b>Saving</b>			<b>1.101,00</b>

STANDARD  
in United  
Kingdom

151040	Ambience light package CaraTwo		Listprice incl. 20% VAT [GBP]
includes:			
LED-strips behind all ceiling cabinet flaps, circumferential around the backrest, 2 nightlights with switch			
<b>List price package</b>			<b>340,00</b>

## IMPORTANT INFORMATION

For caravans, motorhomes, CUV made by WEINSBERG, we grant you a 10-year leak-proofness guarantee on the body manufactured by us in addition to your compulsory guarantee within the framework of our guarantee conditions.

Please note the following important information FOR ALL CARAVANS MADE BY WEINSBERG:

All Dimensions and weight data may vary ca.+/-5% due to tolerances of the natural raw materials used. With any modifications done on the vehicle by a non-authorized dealer or garage you may put at risk your personal security and lose WEINSBERG operating licence and warranty. Therefore please leave repairs and retrofits to the authorized WEINSBERG dealers and insist on WEINSBERG original equipment. All price information are recommended retail prices with delivery ex work. The prices of the optional equipment are only valid for a factory moderated installation of the regular production. Retrofittings, if technically possible, will cause additional mounting and material costs. The prices of our individual packages are fixed prices and cannot be changed because of additional options. Ordering optional equipment which substitutes specific package options will not be delivered additionally. In exceptional cases some combinations of extras and options may occur as mutually exclusive. We reserve the right to any technical modifications as to design, colour, and equipment, if technical improvement requires us to do so. The contents of this list reflect arrangements at printing, in July 2019. The pricelist is effective as from 01.08.2019 for the 2020 model year. Mistakes and printing errors are excepted. Previous lists are no longer valid. We reserve the right to change content at our discretion. The water supply system is minimum state of the art (03/2009) (Regulation 2002/72/EG).

WEINSBERG caravans are characterised by their technical progress. Through innovative solutions such as the use of high-strength steels for the chassis or intelligent honeycomb technology in furniture construction, low tare weights of the WEINSBERG caravans are created.

### \*) EXPLANATIONS REGARDING THE WEIGHT OF YOUR WEINSBERG CARAVAN:

The mass of the empty vehicle as referred to in the price list is the mass of the vehicle with standard equipment and without basic equipment, i.e. without „liquids“ and without optional fittings as referred to in art. 2, ciff. 3 VO (EU)

Mass in running order, see Article 2, ciff. 4 a) VO (EU) 1230/2012, unless nothing different is regulated, is defined as follows:

Mass of the vehicle with standard equipment as referred to in manufacturer specifications:

- + Steel liquid gas bottles (11 kg) filled to 100% (i. e. 23 kg total mass)
- + Fresh water tank (filled to 100%)
- + Toilet flush tank (100 % full)
- + Fresh water boiler filled to 100%
- = Mass in ready-to-start mode

The "permissible total mass" see Article 2, ciff. 7 VO (EU) 1230/2012 is defined as follows:

The mentioned vehicle's maximum mass from the manufacturer in loaded state (incl. Optional equipment/extras/packages and gas, water, luggage and load, etc.)

For you as WEINSBERG caravan user:

The maximum permissible payload as referred to in the WEINSBERG catalogue is defined as:

Technically authorized total mass - mass in running order = maximum permissible payload

The details regarding delivery scope, dimensions and weight as well as in terms of appearance are in line with the understanding at the time of printing (07/2019). We reserve the right to make changes to the equipment, technical details, the series scope and the prices.

After a contract has been concluded, we reserve the right to make technical changes within the framework of the construction insofar as they serve technical progress and are acceptable for the customer. Minor colour and texture deviations are also reserved - even after conclusion of the contract - insofar as these cannot be avoided due to the material (e.g. colour deviations of up to approx. 2.0 dE between paint on sheet metal and paint on GRP/plastic) and are reasonable for the customer.

Example:

(Technically authorized total mass) 1.400 kg  
 - (Mass in running order) 1.090 kg  
 = (Maximum permissible payload) 310 kg

Please note that maximum permissible payload as referred to in the catalogues, for example if the mass of the additional fitting is reduced.

Please note that your WEINSBERG caravan still must have a minimum payload capacity (= minimum payload) after deduction of optional equipment's mass from the maximum permissible payload, which may not be below the minimum payload (cf. attachment I, part D, para. 2.3.4.1 VO (EU) 1230/2012):  
 (Maximum number of berths + total length (in m) of the vehicle body) x 10 = Minimum permissible payload (kg)

Example:

[(Maximum number of berths) 4 + (total length (in m) of vehicle body) 5] x 10 = 90 kg

The mass of the vehicle with standard equipment according to manufacturer specifications is determined through weighing of the vehicle with standard fitting.

As a user of a caravan, you are required not to exceed the values of the permissible total mass in driving mode, and respective maximum permissible axle load and nose weight limits. Furthermore, you are obliged to adhere to all other requirements for a safe usage of your caravan.
