NOTES

H141	Please note that the number of beds indicated may include beds for both adults and children. The beds do not have the same dimensions. We therefore recommend that you consult your WEINSBERG dealer about the dimensions of the beds provided in the vehicle so that you can decide whether they are suitable for the occupancy (adults/children) you intend to have.
H142	For some models, additional equipment must be selected in order to achieve the maximum possible beds. Your WEINSBERG dealer will be happy to advise you.
H711A	The fresh water tank capacity referred to schedule V, part A, no. 2.6. footnote (h) VO (EU) 1230/2012 is limited by a overflow valve to 20 ltr. (suggested filling for running order)
H712C	The fresh water tank capacity is 100 ltr. with the overflow valve closed.
H157	Please note that mounting the bicycle carrier on the rear wall limits the field of view of the reversing camera.
H169	The emergency bed function should only be used in exceptional cases. As an additional sleeping place in the seating group, we recommend the option "transverse guest bed with additional cushion".
H146	In addition, the hardware is prepared to be expanded via optional sensors (e.g. door/window contact). For more information, please visit www.velocate.com
H137	A voucher to redeem the medicine set is enclosed with the vehicle. The medicine set contains medicines that must be purchased from a pharmacy. The voucher can therefore only be redeemed at the responsible MediKit mail-order pharmacy at www.medikit.shop You can also obtain further information about your MediKit at www.medikit.shop.
H712D	The fresh water tank capacity is 102 ltr. with the overflow valve closed.
H712A	The fresh water tank capacity is 80 ltr. with the overflow valve closed.
H150	This option must be filled in once in the vehicle documents when the vehicle is first registered. The certificate required for the registration is supplied with the vehicle documents. Please contact your WEINSBERG dealer for more information before ordering
H161	Available only with Styling Package
H151	If this option is selected, the vehicle height increases by approx. 20 cm
H168	Please note that when selecting the pop-up roof and the option "transverse guest bed with additional cushion", simultaneous everyday use is not possible.
H148	Only available in roof colour: White
H145	If this option is selected, the vehicle height increases by approx. 11 cm
H135	Awning size differs for technical reasons when choosing the pop-up roof
H28	Option 551834 (roller blinds on rear wing doors) not included with 630 MEG OUTLAW

NOTES

DEPENDENCIES

ABH26038	Not possible in combination with (252445-02 or 252444-02) and (194106 or 104107 or 104108 or 104109)
ABH26040	Only in combination with 194088
ABH26042	Includes 193956
ABH26044	Replaces 193976
ABH26046	Only in combination with 193985
ABH26048	Includes 194093
ABH26050	Not possible in combination with NEUFORD48
ABH26052	Replaces 194021
ABH26058	Replaces 194011
ABH26066	Not possible in combination with 553746 or 913918
ABH26068	Not possible in combination with 253802
ABH26070	Not possible in combination with 104103
ABH26074	Replaces 552960-07
ABH26075	Only in combination with 552247
ABH26076	Not possible in combination with 552347
ABH26079	Includes 552247
ABH26080	Not possible in combination with 552348
ABH26082	Not possible in combination with 552348 or 552347
ABH26084	Only in combination with 552348 or 552347
ABH26086	Includes 552130
ABH26088	Includes 953554 and 953555
ABH26090	Replaces 302978 and 302979 and 302980 and 302981
ABH26092	Not possible in combination with 102619-02 and 194106 or 104107 or 104108 or 104109 and 913918
ABH26094	Replaces 253749
ABH26096	Not possible in combination with 251248 and 252062 and 913913 and 251248-03 and 253748-02

NOTES

CAMPER VAN
important information

For leisure vehicles made by WEINSBERG, as part of the guarantee conditions which apply upon handover of the vehicle and in addition to your statutory warranty, we provide a 10-year no-leak guarantee on the vehicle body manufactured by us.

Please note the following important information FOR ALL WEINSBERG leisure vehicles:

ABOUT THIS PRICE LIST:
The contents correspond to the status of printing in 07/2022.
The price list is valid as from 08/2022 for the 2023 model year.
Previous price lists, brochure information and technical data are no longer valid in regards to the vehicles offered.
Errors and misprints excepted.

ABOUT TECHNICAL SPECIFICATIONS AND ILLUSTRATIONS:
All measurements and weights are subject to change within possible tolerances of ∔ 5% due to the use of natural raw materials.
We advise you to have any additions, alterations or installations carried out exclusively by authorised WEINSBERG dealers and to insist on original WEINSBERG parts in order to ensure your safety and to ensure that the type approval of your vehicle is not put in jeopardy.
Any retrofitting of alterations or installations, in so far as they are technically feasible, shall incur a cost. Certain combinations of custom requests may be impossible in certain cases. We reserve the right to make changes to construction, colour and fittings in so far as these provide a technical advance, are reasonable and/or serve the purpose of safety.
Information on the product delivered, dimensions, mass and appearance, correspond to our understanding at the time of printing (07/2022). We reserve the right to make changes to fittings, technical data, series equipment and prices. Please make every effort to be fully informed about these matters by your authorised WEINSBERG dealer before making your purchase.
After a contract has been concluded, we reserve the right to make technical changes within the framework of the construction insofar as they serve technical progress and are acceptable for the customer.
Minor colour and texture deviations are also reserved - even after conclusion of the contract - insofar as these cannot be avoided due to the material structure (e.g. colour deviations of up to approx. 2.0 dE between paint on sheet metal and paint on GRP/plastic) and are reasonable for the customer
Some of the illustrations show equipment features that are not included in the standard equipment and that can be ordered for an additional charge (optional equipment) as well as some equipment features of prototypes/studies that do not correspond to the standard equipment and therefore cannot be ordered as optional equipment.
Slight colour deviations of the illustrations in the brochure from the actual vehicle cannot be completely excluded for printing reasons. Therefore, before purchasing a vehicle, please seek comprehensive advice on the current status of the series from an authorised WEINSBERG dealer. The decoration shown in the catalogue is not part of the equipment supplied.

ABOUT WEIGHTS, CALCULATION EXAMPLES AND NORMS
The water supply system corresponds at least to the state of the art 03/2009 (regulation 2002/72/EC)
The fresh water tank capacity referred to attachment V, part A, no. 2.6. Fn. V0 (EU) 1230/2012 depending on vehicle type is limited by a circulation valve to 10, 20 or 40 ltr. (suggested filling for running order).
WEINSBERG leisure vehicles are characterised by their technical progress. With the help of innovative solutions such as the use of high-strength steels for the chassis or intelligent honeycomb technology in furniture construction, low tare weights of WEINSBERG leisure vehicles are achieved.
The mass of the empty vehicle within the meaning of this price list is the mass of the vehicle with standard equipment and without basic equipment, i.e. without the mass of the driver and without „liquids", as well as without additional equipment within the meaning of Art. 2, no. 3 V0 (EU) 1230/2012.
The mass in running order as referred to in Art. 2, no. 4 a) V0 (EU) 1230/2012 is, unless otherwise regulated, defined as:
Mass of the vehicle with standard equipment as specified by the manufacturer (incl. bord tools)
+ Fuel tank 90% filled
+ 75 kg (weight of the driver)
+ Alu liquid gas bottle (5kg/11 kg) 100% filled (18/23 kg total mass)
+ Fresh water tank (100% filled) (filling capacity depending on vehicle model limited to 10 ltr.**/20 ltr.**/ 40 ltr.** fresh water in running order, if technically intended)
+ Toilet flush tank (100 % filled)
+ Fresh water heater (100% filled)
= Mass in running order
The technically permissible total mass according to Art. 2, no. 7 V0 (EU) 1230/2012 is defined as:
The maximum mass of the vehicle as stated by the manufacturer when

CAMPER VAN
important information

loaded, i.e. the maximum permissible mass of the vehicle in running order with optional equipment and load (passengers, luggage, etc.).
The maximum load capacity as referred to in the WEINSBERG catalogue is defined as:
Technically permissible maximum mass
- mass in running order
= maximum load capacity
Example:
(Technically permissible maximum mass) 3.500 kg
- (mass in running order) 2,850 kg
= (Maximum load capacity) 650 kg
The information provided for a vehicle under the heading „Technical Data / Equipment Details" initially refers to the basic type of model approved under the EC type-approval procedure. Within the scope of country variants and special models, these values may differ if necessary. Please inform yourself about such deviations personally at your WEINSBERG specialist dealer.
Please note that the maximum load capacity as specified in the catalogue is reduced, for example, by the mass of the passengers and also by the mass of any additional equipment ordered.
When selecting additional equipment, you are responsible for ensuring that, after deducting the mass of the passengers (estimated at 75 kg per passenger) and the mass of the additional equipment from the maximum loading option, your WEINSBERG motorhome/Camper Van still has a minimum loading option (= minimum payload) which must not be undercut under any circumstances (see Annex I, Part A, no. 2.6.4.1.2 of VO (EU) 1230/2012):
Example calculation of the minimum payload:
(Maximum number of authorised passengers plus driver
+ Total length of the vehicle in m)
x 10
= Minimum load capacity in kg
[(Maximum number of authorised passengers plus driver) 4
+ (Total length of the vehicle in m) 6]
x 10
= 100 kg
As a customer of WEINSBERG leisure vehicles, you are required to ensure that the leisure vehicle configured by you still complies with the minimum pay-mass once your selected additional options have been taken into account. If this should not be the case because of additional options requested by you, then you have two options to choose from when placing your order:
• increase the pay-mass of the vehicle
• deselect additional options
For certain motorhome / Camper Van models by WEINSBERG, you have the option of reducing the number of permitted seats in running order when ordering the vehicle (depending on the model and only on demand). Reducing the number of permitted seats in running order by one seat increases the load capacity or the possibility of ordering additional equipment for your leisure vehicle by a maximum of 85 kg. Your WEINSBERG dealer will inform you at any time about the remaining minimum payload of your vehicle.
The mass of the vehicle with standard equipment as specified by the manufacturer is determined by weighing a vehicle with standard equipment.
As a user of a motorhome/Camper Van, you are obliged not to exceed the „technically permissible maximum mass" when driving and to ensure compliance with the permissible axle loads by distributing the load evenly in the vehicle. You are also obliged to comply with all other regulations necessary for the safe operation of your vehicle.

SPECIFICATIONS AND INFORMATION ABOUT PRICES

If you order options that replace components from the packages, these package components are not additionally supplied.
The prices indicated are recommended retail prices of the manufacturer. The prices indicated include the statutory value added tax (and, if applicable, other legally prescribed calculation factors or taxes, which may also be shown separately). The prices are (depending on the country) exclusive of the costs for registration documents, delivery and transport, unless expressly stated otherwise. Please consult your WEINSBERG dealer for further details.
The suggested retail prices for the optional extras apply exclusively to options built into new vehicles in the production run at the factory. Also bear in mind that retrofitting is not possible for all optional extras offered.
The suggested retail prices given for individual equipment packages are not affected by the selection or deselection of additional options.
